

Student Entrepreneurship Policy

Under the Student Entrepreneurship Initiative, three stages will be recognized in the incubation process.

Stage 1: Ideation Stage

Ideation Stage is the process of generating, exploring, and evaluating new technology /business ideas that can give the business proposed by the student entrepreneur a competitive advantage. The expert committee formed for the evaluation of the ideas should interview each entrepreneur and analyze the business potential and feasibility.

Stage 2: Teaming & Company formation

Team Formation is the key for an entrepreneur in commencing his journey before starting his own company. The team should ideally have a mix of co-founder with complementary skill sets. Having complementary set of experience is very important for a well-rounded team from the inception. The team has to register it as private limited company/ Limited Liability Partnership (LLP)/Partnership of any legally recognized entity.

Stage 3: Prototype developed/ Business started

The working model or the prototype of the Technology Idea to be developed and this to be certified by the experts for commercialisation or Technology Transfer.

OR

If it is a business service idea, the company or legally recognised entity should start the business operation as per the business plan and start generating Income.
